

Intelligent Automation Community

Testoper, the intelligent automation community, first of its kind, is the worldwide network of communities that helps enterprises, government, academics, and individuals to accelerate the pace of innovation. We are the non-profit community, passionate about innovation as a sport, to transform and advance testing, automation, and operations experts, intrapreneurs, and entrepreneurs succeed.

We do this by our community programs for the members dedicated and inspired to play the role of an expert in future innovation, and to make a difference in the country's economic growth. We provide a platform to connect, develop, launch, and advance member's dreams into a reality. It is the place to be for all who is hungry to stand out from the crowd, dedicated to continuous learning, foster innovation at work as an intrapreneur, and aspire to become an entrepreneur.

Program 2020 Details

Why Testoper Innovation Summit?

Testoper Innovation Summit is the high-profile two days program for building ecosystems of innovation, entrepreneurship, intrapreneurship and accelerating its impact at scale. It gathers enterprises, government, academics, and individuals for learning ideas together, building real-world solutions, showcasing the latest research, innovation, ideas, and results in the area of the future Intelligent Automation. Testoper Innovation Summit will catalyze innovation, intrapreneurship, and entrepreneurship with its two featured program tracks. They are Testoper Hackathon and Testoper Innovation Showcase.

Testoper Hackathon

The platform for innovators, intrapreneurs, and entrepreneurs to learn ideas together, form teams, build solutions to real-world challenges and launch startups.

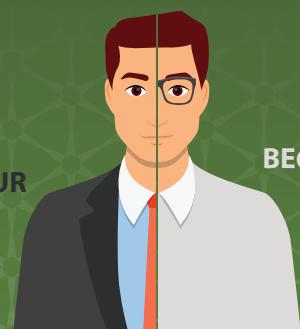

Testoper Innovation Showcase

The platform to showcase the latest research, innovation, ideas, and results through the presentation, open and transparent group discussions, and exhibits.

Who should attend Testoper Innovation Summit?

- The aspiring entrepreneurs who want to pitch ideas, network, team up, learn, develop MVP, present, win, and start their startup
- The early-stage companies to showcase innovation, get exposure to like-minded experts, entrepreneurs, customers, and investors
- The enterprises, government, and academics passionate about innovation and intrapreneurship seeking partners and alliances
- The industry experts, thought leaders, scientists, visionaries, forward thinkers, and inspiring speakers to share experiences
- And, the judges, mentors, and investors to support and explore joint venture, strategic alliances, and collaborative partnership
